

Health Sciences

The Health Sciences Career Cluster is one of the many high school programs in New Hampshire that provide students with preparation and training in real world curriculum.

Do you like helping others?

Are you good at taking care of people? Would you like job security, variety and mobility? Careers in Health Sciences are among the fastest growing due to the aging population and advance treatments in diagnostics. You will have the options to work in clinical, hospital and laboratory settings or on the road in Emergency Medicine. High demand for a qualified Health Sciences workforce yields competitive and rising wages and great benefits.

Certificate programs, associate degree, bachelor degree and graduate degree opportunities are available right here in New Hampshire.

You COULD be earning college credit now!

The Health Sciences Career Cluster prepares students for careers in fields such as:

- Dental Services
- Diagnostic Medical Imaging
- Dietetics
- Health Information Technology
- Human Services
- Emergency Medical Services
- Exercise and Sports Medicine
- Holistic Healthcare
- Medical (Clinical) Laboratory Science
- Nursing
- Nutrition
- Optometry
- Pathology
- Pharmacology
- Rehabilitation Therapies
- Surgical Technology

Why participate in the Health Sciences Career Cluster?

- Starting now will provide you with a strong academic head start for college and for the rest of your career training.
- Many of the programs offer you the opportunity to become certified in CPR and First Aid and to enroll in a Certified Nursing Assistant Program.
- All programs include clinical experience in nursing homes, clinics or hospitals, allowing you to begin networking earlier.
- Now is the time to start thinking about whether Health Sciences is the right career for you.
